## Member Posting

For members who would like to advertise and promote their company on the CSME website, we have dedicated a members only section for the exclusive privilege of **posting a member's professional or corporate information**. The basic listing will include your name, company name, address, telephone number and specialty.

With the new privacy laws almost in place, as an association, we cannot publish or give out any information about our members without their written permission. Please complete the reverse side of this form and ensure that you provide us with your signature.

Members may choose to display their information in one of the following three ways:

Type	Description	Annual Cost
Basic Listing	Practitioner's Name and/or Corporate Name listing (Listing requires Member's permission)	Included in membership
Narrative	Add up to 100 words of practice description to your Listing	\$500
Link	Place a mouse-click link to take the viewer to your own site	\$800

Terms: All member advertising will remain on the CSME website for the calendar year coinciding with the membership year. If an advertisement is placed after February 1, rates will be prorated according to the number of months remaining in year. Contents of listing or link are subject to approval of the Executive.

Listing and Linking are superb opportunities to post your professional information on the web. By restricting promotional opportunities solely to members, the CSME website assures viewers that the member is committed to the standards and guidelines of CSME.

If you are interested in any of these opportunities, please fill out the form on the reverse side and fax to 416-495-8723 or mail to the address below.

We are certain you will find this a worthwhile opportunity and a great member benefit.
